

CASTORIA

for Infants and Children.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse. It causes the blood to circulate properly, opens the pores of the skin and allays fever.

The signature of *Dr. H. H. Fletcher* guarantees genuine Castoria. Physicians Recommend Castoria.

"I have used your Castoria in cases of colic in children and have found it the best medicine of the kind on the market." J. E. STANFORD, M. D., Chicago, Ill.

"A medicine so reliable and beneficial for children as your Castoria deserves the highest praise. I find it to use everywhere." J. S. ALKEMER, M. D., Omaha, Neb.

"Have used your Castoria on various occasions in suitable cases and have found it a palatable and efficient laxative, especially in the various diseases of childhood." CHAS. EDWARD GARDNER, M. D., Brooklyn, N. Y.

"Castoria is good for children and I frequently prescribe it, and always obtain the desired result." F. GERALD BLATTNER, M. D., Buffalo, N. Y.

"I have prescribed Castoria to families for several years. It is all right. Mothers like it, for children will take it without any trouble." C. A. WILSON, M. D., St. Louis, Mo.

"Your Castoria is a splendid remedy for children, known the world over. I use it in my practice and have no hesitancy in recommending it for the complaints of infants and children." J. A. BOARDMAN, M. D., Kansas City, Mo.

Children Cry for Fletcher's Castoria. In Use For Over 30 Years.

MANY GAMES PLAYED SUNDAY

Kawailoa Defeated Kahuku
In Closely Played
Game, 6-4.

There were many games of baseball played on Oahu last Sunday, the day on the other side of the island being almost perfect for the sport, as there was neither sun nor rain.

Among the games which were played was one between the tappers of Kawailoa and Kahuku, in which the former won by a score of 6-4, after a hotly-contested nine innings of effort.

In three innings only did the winners score, and the losers made their rallies in the fifth and eighth, getting two men over in each of these periods. The score and lineup are as follows:

Kawailoa: 0 0 0 0 0 0 0 2-6

Kahuku: 0 0 0 0 0 0 0 2-4

P. Simon, 1b; A. Alameda, 2b; M. Figueira, 3b; A. Alameda, ss; P. Figueira, cf; P. Figueira, rf; P. Figueira, lf; P. Figueira, c; P. Figueira, p.

Kahuku: Miguel, ss; Moses, p; M. Silva, c; Jacobson, 1b; Oana, lf; Jones, 2b; M. Rodriguez, 3b; F. Zerbo, cf; Joe Maria, rf.

GIRLS' SOCIETY LIKE BOY SCOUTS

Plans now are being made for a temporary organization called "The Camp Fire Girls of America" which may develop into a national society in the fall if such a step seems justified. The aim of the organization is to provide for girls outdoor activities corresponding to those furnished boys by the Boy Scout movement.

It seeks to encourage a greater interest among girls in exercises in the open with the threefold aim of developing their bodies, minds and characters. It is recognized, however, that the activities provided for the girls must be fundamentally different from those of the boys and that special attention must be paid to the home. Keen interest in the organization for girls has been aroused because of the great influence already exerted by the boy scout activities.

Hero-worship has been the keynote to the success of the boy scout work. The movement has spread rapidly because the leaders have recognized that fact and have enabled the boys to see in the scout work in the woods and within doors that they have an opportunity to do the things that the heroes of their favorite story books have done. While thus being trained physically and mentally under the supervision of a trained scoutmaster, they are influenced to be more courteous and are taught to understand the value of service and the true things of life.

The aim of the Camp Fire Girls of America is to develop womanly qualities in the girls. It is appreciated that activities must be provided of an entirely different character from those arranged for the boys, but it is hoped that the aim of character-building will be attained. The leaders in the girl work hope to get many girls interested in camps and outdoor life this summer, with the view of testing the principles they have worked out.

Several meetings of prominent men and women have been held in the Horace Mann School, Broadway and 120th street, New York, and a temporary organization has been effected. The chairman of the committee is Mrs. Mary Schenck Woolman of Teachers College. Mrs. Charlotte J. Farnsworth, wife of Professor Charles H. Farnsworth, is secretary. Other persons interested in the work are Mrs. Edgerly L. Winthrop, Jr.; Mrs. Ernest Thompson Eaton, wife of the chief scout of the Boy Scouts of America; Miss Lina Beard, sister of Daniel C. Beard; Mrs. Justus A. Traut of New Britain, Conn.; Dr. Luther H. Gulick, Mrs. Gulick, Dr. Anna Brown, of the Y. W. C. A.; Mrs. Anna H. Hohoff, of the Hudson Guild; Howard S. Braucher, secretary of the Playground Association of America; Mr. Lee F. Hammer of the National Council of the Boy Scouts; Miss Grace H. Dodge, Mrs. Charles Israel, Miss Eliza Butler, W. C. Langdon, Miss Sebring, Miss Elizabeth Burchenal, Miss Edith Brownell, Mrs. C. H. Watson, Miss Bertha Seeley, Miss Marion Pratt, Mrs. Nell MacCoub, Miss Maria Dowd, and James E. West, executive secretary of the Boy Scouts of America.

At the meetings already held it has been pointed out that attempts have been made in various parts of the world to establish such an organization. "The Girl Guides" has been formed in England and Canada. In New Zealand there is a society called "Peace Scouting for Girls," while the "Girl Aids" are in Australia. Work along this line is being done by the Health and Honor League under the auspices of the Y. W. C. A. There is a small group called "The Camp Fire Girls" in Thetford, Vt. It finally was decided at the meetings that three things were necessary: First, to establish a central committee to which all persons interested might come for information and suggestions; second, to make available for distribution information concerning what already has been done, and finally, to defer the actual formation of the organization until the study and testing of the various plans that have been suggested can be accomplished.

Speaking about the new movement Mrs. Farnsworth, secretary said: "From girls of all parts of the country comes the question to those in the Boy Scout movement, 'What is there for the girls that corresponds to the Boy Scout organization?' To consider those demands, a tentative organization has been formed which may go into a national organization for girls, in the fall, if plans which are to be tried out with various groups, this summer, seem to justify such a step.

"The men and women interested feel that the activities for girls should be fundamentally different from those for boys, that as the founders of the Boy Scouts recognized the potential influence hero worship has upon boys, by giving the impetus to their activities, through the imitation of the heroic out-of-door life led by pioneer heroes, so the founders of an organization for girls should consider the womanly qualities and provide forms of expression which do not simply copy those of the boys, but which bring out the fundamental fact that through all the ages woman is the

KAMS ARE BUSY AT BASEBALL

Teams Played Great Ball and
Promise Well For
Winners.

By the victory over Iolani team yesterday afternoon, the Kams won two straight games of baseball, both being on the school grounds.

The game yesterday resulted in a score of 12-11 in favor of the Kams, and Saturday that team trimmed the Puns to the tune of 16-14.

Both teams did good hitting in the game yesterday, and the Kams did some brilliant fielding during the game.

Score and lineup:

KAMS:

Runs: 0 1 3 0 4 1 0 3-12

Base hits: 0 2 3 0 4 2 1 0 3-15

IOLANI:

Runs: 0 1 2 0 0 6 2 0 6-11

Base hits: 1 2 1 0 1 6 2 1 0-14

Errors—Kams 4, Iolani 10.

The Lineups:

The lineups of the teams were:

Iolani—Nakamura, 2b; ss: If; Cummings, lf; ss; Sawal, ss; 2b; Non Sen (captain), 1b; Kane, 3b; Chang, rf; Shimizu, cf; Mengler, c; Heu, p.

Kams—Correa, rf; Kama, cf; Kani, p; 1b; Shipman, ss; Mitchell, 3b; Lindsay, 1b; 2b; Kekuewa, lf; Kani, c; Makanaui (captain), 2b.

Umpires—Chang and You.

The Oahu College and Kamehameha baseball teams crossed bats on the school grounds last Saturday afternoon before a large crowd of students from both schools and townspeople. At the end of the game the score stood 16 to 14 in favor of the Kams. Both teams made many errors throughout the game, and a couple of home runs were made by each side. The rain was responsible partly for the way the score went. During the first four innings the rain came down hard at times, and it looked as though the game would be stopped, but after a while the captains agreed to play the game out. The Punahou were first at the bat and had things their way with Hosea for a while. This was Hosea's first experience in the box for the Kams, and it therefore took him some time to get the down. The Puns made four runs in the first inning through heavy batting. In the second another run was added to their score. The Kams did not start to do anything till the fourth inning, when the Kam rosters got Ran Hitchcock, who was in the box for Punahou, rattled, and he walked a few, while others sent his ball out for good hits. In this inning Apau made a home run, sending two men in with him. When the inning ended the Kams had piled up six runs. The boys on the sidelines began to sing and yell and made Hitchcock grow wild for a time. In the beginning of the fifth Gibb sent one to Noah, who fumbled it; then Ran came to bat and knocked out a two-bagger, sending Gibb home. G. Brown was struck out and Bill De-shia was out on a fly. Next came Dodge, and he got to first on a hit, while R. Hitchcock sailed to third. Andy Moore then sent the ball to third baseman, who muffed it. Ran Hitchcock getting home on the play. Willie Hitchcock made a safe hit and Noah threw wild to first, Dodge romping home. Willie Hitchcock was struck out, this making the score 8 to 6 in favor of the college team. The Kams came in and began to get to work, sending Hitchcock's ball all over the field. He was rattled by the Kam rosters, and the home team managed to pile up nine runs in their last half of the fifth.

Ran was relieved in the sixth, and all the Kams could do was to make one run for the rest of the time, while Punahou made one in the sixth and five in the lucky seventh. C. Hosea pitched a good game for the Kams, while S. Hussey played well behind the bat. The umpires were A. Sumner and S. Chillingworth. Both were kept busy throughout the game and did their work well.

The score was as follows:

Puns: 3 1 0 0 3 1 2 0 0-14

Kams: 0 0 0 6 9 1 0 0-16

Captain Kani of the Kam baseball team will be in the box today, after a week's rest in the hospital.

It has been announced at the school that the military inspection by an officer of the War Department will take place Wednesday morning, beginning at 9 o'clock. The cadets are busy today polishing up their arms and equipment ready for the inspection. The quarters are also being put in the best of condition.

conservator of the home, of the fire as symbolic of the home, whether the fire is a campfire out-of-doors or the hearth fire of the dwelling. The nucleus of the home is the fire and its guardian. Activities to arouse what is most womanly in the girl are to center around the camp fire and the hearth fire and appeal to the girl's instinct to please, as the boy's impulse to compete is made the basis of his activities.

"This instinct to please will be utilized in the three ways in which it expresses itself, namely, through the personal appearance, through making beautiful objects, and by doing kindly deeds. Under these heads the work to be tried and the activities to be followed this summer will be grouped."
